

DATA SHEET

THE KING OF SOHO DRY GIN

DESCRIPTION

The complexity of the alcohol from the highest quality wheat (distilled 4 times), accompanied by 12 botanicals collected from different parts of the world.

The King of Soho has been created as a tribute to the original "King of Soho" Paul Raymond, by his son Howard Raymond. Distilled in small batches (Small Batch) in a small steel alembic.

The neutral alcohol macerates overnight with the different botanicals so that they release all their essence during the distillation. Spring water is used throughout its process.
